## Shaping plastics beyond the obvious

Materials Handling Products

PACKAGING SOLUTION؟

## Round containers

Description: Container with lid. Made of low density polyethylene.
Steel-rack of painted steel with wheels is available for both containers.

## Silo

Description: Produced in low density polyethylene with a closed top and bottom. The silo can be equipped with hydrants and valves up to 2 "for individual mounting.
Rack of galvanized steel can be supplied. When mounting on a rack, the bottom of the silo is raised 90 cm above the floor.

## Measurement

- All measurements are approx. $\mathrm{cm}+/-5 \%$.
- The weight given in approx. kg +/- 10\%.
- Contents are given in approx. litres.

## Rectangular tanks

For transportation, storage, production, etc.

Description: Made of low density polyethylene and the upper edge is rounded.
Lid included for $0082+0083$ (not for 0080).
Rack of plastic coated steel pipes can be delivered.
Wheels: 75 mm art. no. 5595/5594 can be mounted on rack.

Conical tanks
Description: Made of low density polyethylene and the upper edge is rounded.
Lid included.
Rack of plastic coated steel pipes can be delivered.

## Measurements

- All measurements are approx. $\mathrm{cm}+/-5 \%$.
- Weight are given in approx. kg +/- 10\%.
- Contents are given in approx. litres.

Description: Pallet tank with lid. Made of low density polyethylene having a recess for mounting the drain valve and provided with manhole with an aperture of 400 mm . Wall thickness 7 mm . Lid for the manhole can be attached with a sharp tension ring made of stainless steel.
Drain valve can be installed.
Pallet: No. 3650 special wooden pallet $128 \times 88 \mathrm{~cm}$. To be ordred separately.
Pallet frames in wood no. 3651 with folding. To protect the tank use 5 PCs frames of which the bottom is pierced for the operation of the outlet valve. To be ordred separately.
If the pallet tank contains liquids with a density above 1.3 a $u$-shaped brace is recommended.

## Measurements

- All measurements are approx. $\mathrm{cm}+/-5 \%$.
- Weight are given in approx. kg +/- 10\%.
- Contents are given in approx. litres.

## Thermoli ${ }^{\circledR}$ insulated/ thermal boxes

Thermoli® thermal boxes suitable for storage and transportation of fresh fish, meat etc. For fish, place the fish in a mixture of ice and sea water in the box, the fish are cooled to 2 ${ }^{\circ} \mathrm{C}$ in 20 min . and $0^{\circ} \mathrm{C}$ of less than 2 hours.

This ensures a very high quality even after 4-5 days of storage in Thermoli thermal boxes. In addition to rapid cooling, the fish is never compressed or crushed in iced water.

Thermoli® thermal boxes are tested on land and at sea by the Danish Ministry of Fishery Experimental laboratory and in several other countries.

Curve D shows a very clear advantage of using the isolated thermal boxes filled with a mixture of ice and water to cool the catch as soon as possible.

| Curve | Method | Ratio fish:ice | Cooling to $\mathbf{2}^{\circ} \mathbf{C}$. | The filling of ice |
| :---: | :--- | :--- | :--- | :--- |
| A | Normal icing in plastic boxes | $2: 1-4: 1$ | More than 2 hours | Several times each day |
| B | Normal icing in plastic boxes | $2: 1-1: 1$ | Over 2 hours | Several times each day |
| C | Normal icing in plastic boxes | Less water 1:1 | Over 2 hours | Several times each day |
| D | Mixture of ice and seawater in <br> isolated Thermoli® Thermal box | Thermoli® Termoboks filled <br> with approx. $40 \%$ ice/water | 20 minutes <br> and less than 2 hours at $0^{\circ} \mathrm{C}$ | Approx. each 4. - 5. day |
|  |  |  |  |  |

## Thermal box

For transportation of temperature sensitive products, we have developed Thermoli® insulated/thermal box in 3 sizes.

## Measurements

- All measurements are approx. cm $+/-5 \%$.
- Weight are given in approx. $\mathrm{kg}+/-10 \%$.
- Contents are given in approx. litres.

## Thermal box 70 liters

Application: Transport and storage of temperature sensitive products. The box fits standard EUR-pallets and can be stacked with most $60 \times 40 \mathrm{~cm}$ stack of boxes.
Description: Made of low density polyethylene, approved for food. The inner and outer box is molded in one piece; the cavity between the walls is filled with high-insulation foam.
Cover: Double-walled, foam filled included.

|  |  |  |  |  |  |  |  | Ext. |

| Size | 11/4" | 11/2" | 2 " |

Nipple connector - LLDPE
With external thread of the container for welding, for easier assembly work.

| No. | $\mathbf{5 9 6 5}$ | $\mathbf{5 9 6 6}$ |
| :--- | :--- | :--- |
| Size | $1^{\text {" }}$ | $11 / 4^{\text {" }}$ |
| No. | $\mathbf{5 9 6 7}$ | $\mathbf{5 9 6 8}$ |
| Size | $11 / 2^{\text {" }}$ | $2^{\text {" }}$ |

Hose connector
With external thread.

Size $11 / 4$ " $\times 40 \quad 11 / 2^{\prime} \times 50 \quad 2 " \times 60$

Hose connector
With threaded nut.

End sleeve
With internal thread for closing the feed through and socket connector.

| No. | 5975 | 5976 |
| :---: | :---: | :---: |
| Size | 1 " | 11/4" |
| No. | 5977 | 5978 |
| Size | 11/2" | 2 " |

End sleeve with chain

Screw closure
With external thread for closing the connector.

| No. | 5880 | 5881 | 5882 |
| :---: | :---: | :---: | :---: |
| Size | 1/2" | 3/4" | 1" |
| No. | 5883 | 5884 | 5885 |
| Size | 11/4" | 11/2" | 2 " |

Angle
With internal thread.

| No. | $\mathbf{5 8 8 7}$ | $\mathbf{5 8 8 8}$ | $\mathbf{5 8 8 9}$ |
| :--- | :---: | :---: | :--- |
| Size | $1 / 2^{"}$ | $3 / 4^{"}$ | $1^{\text {" }}$ |
| No. | $\mathbf{5 8 9 0}$ | $\mathbf{5 8 9 1}$ | $\mathbf{5 8 9 2}$ |
| Size | $11 / 4^{"}$ | $11 / 2^{"}$ | $2^{\text {" }}$ |

Connector
With 2 external threads. Used as a transition unit from interior to exterior threads.

| No. | 5990 | 5991 | 5992 |
| :---: | :---: | :---: | :---: |
| Size | 1/2" | 3/4" | 1" |
| No. | 5993 | 5994 | 5995 |
| Size | 11/4" | 11/2" | 2 " |

Pin wheel 75 mm / with 19 mm pin
Equipped with expander suitable for mounting on all standard racks below 400 litres volume.

No.
5594 w/brake
5595
Pin wheel $75 \mathrm{~mm} /$ with 16 mm pin

Equipped with expander suitable for mounting on all standard racks below 400 litres volume.

No.
5584 w/brake
5585

Disc wheels 100 mm with polyurethane
for mounting on small containers.

| No. |  |
| :--- | :--- |
| 5591 | pivotable |
| 5592 | fixed |
| 5593 | pivotable w/ brake |

Disc wheels, nylon
For mounting on tanks, containers and racks.

|  |  | $\mathbf{1 0 0} \mathbf{~ m m}$ |  |
| :--- | :--- | :--- | :--- |
|  | $\mathbf{1 2 5} \mathbf{~ m m}$ |  |  |
| No. | pivotal | 5596 | 5598 |
| No. | fixed | 5597 | 5599 |

PVC hose
Acid-resistant, transparent clear hose
Available by the meter.

| No. | $\mathbf{5 9 3 5}$ | $\mathbf{5 9 3 6}$ |  |
| :--- | ---: | ---: | ---: |
| Size | $3 / 4 \times \times 20$ | 1" $\times 25$ |  |
| No. | 5937 | 5938 | 5939 |
| Size | 11/4" $\times 3211 / 2^{\prime} \times 40$ | 2" $\times 50$ |  |
